## About.

Our Company was established in 2018 in Bursa, Turkey which started its activities as a kitchen equipment wholesaler in its first years. Later we began to produce our own stainless counters. Our first step was the Middle East, where we started to export primarily to KSA, Iraq, Egypt and Jordan.

In 2020 we began to export to Europe: Switzerland, Germany, France and Russia.

In 2021 we made a Joint Venture Company with Beylerian Int'l Trading Co., that is specialized in Tabletop and Kitchen utensils.

The aim is that the customer can choose all his needs under one roof.

In 2022, our company started to supply kitchen counters, cold and frozen rooms to most countries of Europe. Afterwards, our sales of cooking appliances, shelf systems and refrigerators started, respectively.

In 2022, we studied the Iraqi market and established the first Office in Erbil / KRG.

We also supply most countries in Africa.

Our company currently continues to export to 14 countries worldwide and look forward to expand.

The sales team, which moved to its new office in 2022, continues its activities in Bursa and Erbil, providing kitchen consultancy throughout the world. Our team, which visits customers on site when necessary, has experience in kitchen drawing and equipment layout. Our staff, who received training abroad on the use of kitchen equipment in the right places, has also become a leading company in after-sales support. Our sales and marketing team, who can speak English, Turkish, Russian,, provides a professional service to every customer who comes to get support from us.

As the Sanpex - Beylerian family, we are always here to provide you with the best service in the supply of kitchen equipment and Tabletop incl. Kitchen & Pastry utensils.

The Future will be with our valued partners
