ARCTIC LINE

KEY FEATURES

Grade 304 Stainless Steel Build
Tough, hygienic, and easy to clean

Eco-Friendly Cooling
Utilizes HC refrigerant and high-density foam insulation

Optimized Door Design
Self-closing doors, magnetic balloon gaskets, and a replaceable door mullion heater to prevent condensation and ice build-up

Precision Temperature Monitoring
Special insert probe that reads core temperatures accurately

High-Speed Chilling & Freezing
Blast Chilling: Max 1.5 hours from +70°C to +3°C
Blast Freezing : 240mins [75°C to -18°C]

This line of blast chiller and freezer is built for rapid temperature reduction, ensuring food safety and quality, with stainless steel construction, intuitive controls, and efficient airflow for high-performance kitchen operations.

EVCO Digital Controller

R290
Natural Refrigerant

+32°C
High Ambient Temperature

80mm
High Insulation Density

SPECIFICATIONS

Shelving System

GN 1/1 or 400x600 baking tray

ALT-BCF-04
four tray blast chiller-freezer

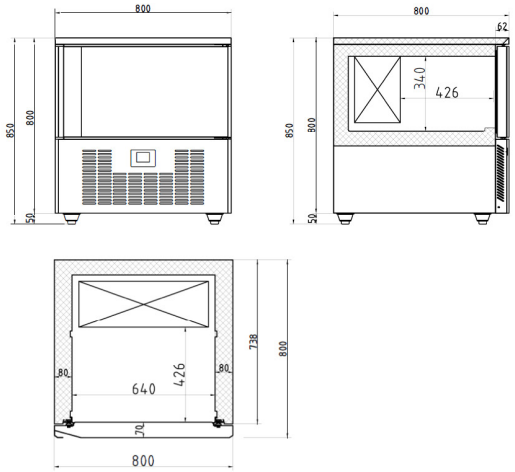

ALT-BCF-05
five tray blast chiller-freezer

ALT-BCF-10
ten tray blast chiller-freezer

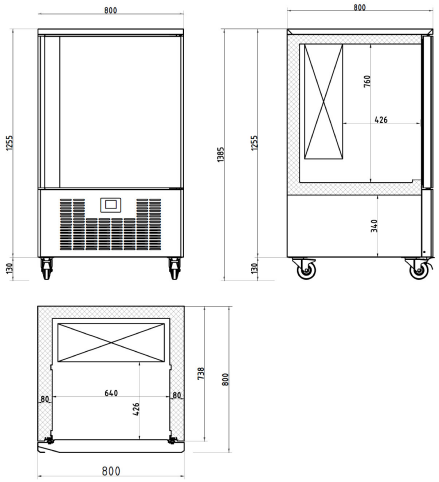

ALT-BCF-15
fifteen tray blast chiller-freezer
